

Ointment with Vitamins A&D in a Petrolatum Base

AmeriDerm® ointment with Vitamins A & D helps to prevent diaper rash by forming a protective barrier to help seal out wetness. It is also useful on your own skin and lips to provide soothing relief to chapped and chafed skin.

Lanolin and petrolatum combine to help seal out wetness and prevent diaper rash for your precious baby.

AmeriDerm® ointment with Vitamins A & D temporarily protects the skin of your infant or toddler from wetness and helps to relieve the discomfort of chapped, chafed, and cracked skin.

You don't need an applicator or spatula to **AmeriDerm®** ointment with Vitamins A & D. It's gentle formula is smooth and spreads evenly.
