

# Premium Adult Briefs

## Premium Adult Briefs with Refastenable Tabs

- MAXIMUM ABSORBENCY
- SOFT AND COMFORTABLE FABRIC
- LIQUID LOCK TECHNOLOGY
- SUPER ABSORBENT POLYMER

Introducing MedPride® Adult Briefs with tabs — an advanced solution designed to safeguard against moisture, elevating patient comfort and promoting skin well-being. These disposable briefs, crafted to hospital-quality standards, offer enduring dryness and defense against unpleasant odors. Engineered with heavy absorbency, they deliver comprehensive protection against total incontinence. The inclusion of leg cuffs provides an additional layer of safeguarding, while the ultra-absorbent core, featuring liquid lock technology, minimizes leaks and enhances containment. The skin-friendly closures are not only secure but also adjustable, allowing for repeated repositioning and refastening to achieve a snug fit. Plus, with two generously lined wetness indicators, users are promptly notified of the need for a change as the color transitions from yellow to blue upon wetness.

Elevate patient care with MedPride® Adult Briefs  
— where protection meets comfort.
