PREMIUM DOG TRAINING PADS WITH ATTRACTANT

The Medpride dog pee training pads are infused with a pheromonal attractant that stimulates your dog's natural instinct to relieve itself in the right place. This way, even new puppies and hard-to-train dogs will be naturally enticed to urinate on these pee pads for an easier potty training routine.

HIGHLY-ABSORBENT SYNTHESIS WITH LEAKPROOF BACKING

Our disposable piddle pads for dogs feature a dense fluff-fill that traps moisture and a waterproof, leakproof backing that fully prevents nasty stains and leaks. A safe choice even for cases of severe dog incontinence, large dog breeds or any kind of pet, including cats, rabbits and ferrets.

6-LAYER TECHNOLOGY & WET-LOCK GEL FOR ADVANCED PROTECTION

These pads for dog urine combine a 6-layer technology and wet-lock gel that securely holds liquids and helps neutralize odors for a clean and odor-free home. Soft, quick-drying for your pet's comfort and disposable for easy cleanup, it's ideal for kennels, crates, carriers and more.

AVAILABLE IN DIFFERENT SIZES & VALUE PACKS

The Medpride puppy pet training pads are available in many sizes for smaller or larger pets, in value packs of 30, 50, 100 or 125 pieces.
